

**REMARKS**

This Amendment and Response is in reply to the Office Action dated April 17, 2007. Therefore, the time period for a response extends up to and includes July 17, 2007.

Claim 12 has been cancelled without prejudice or disclaimer above. Accordingly, claims 1-10 remain pending in the subject application.

**§112 Rejection**

In the subject Action, the Examiner first indicated that claim 12 was rejected under §112, first paragraph, as failing to comply with the written description requirement. Applicant respectfully traverses the Examiner's rejection and note that the figures show all of the recited elements to a person skilled in the art. However, in view of the cancellation of claim 12 above, Applicant believes that the rejection is now moot and requests the Examiner's reconsideration and withdrawal of the same.

**§102 Rejection**

Next in the subject Action, the Examiner rejected claim 12 under §102(b) as being anticipated by Han et al. Applicant traverses the rejection and notes that Han et al. employs two springs (see Fig. 2). In an effort to move prosecution forward, however, Applicant has canceled claim 12 above without prejudice or disclaimer. Accordingly, the §102 rejection is now moot, and Applicant requests Examiner's reconsideration and withdrawal of the same.

**Allowable Subject Matter**

Finally, the Examiner indicated that claims 1-10 were allowable. Applicant wishes to thank the Examiner for his careful review and consideration of this application, as well as the indication of allowable subject matter.

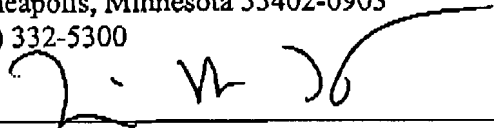

**CONCLUSION**

In view of the above amendments and remarks, Applicant respectfully requests a Notice of Allowance. If the Examiner believes a telephone conference would advance the prosecution of this application, the Examiner is invited to telephone the undersigned at the below-listed telephone number.
